CHANGED DAILY FOR C. H. GILMAN-JANUARY 20, 1886.

DRESS SUITINGS!

We keep the most complete assort-

ment of medium-priced DRESS SUITINGS

to be found in the city. The varieties to

select from are large and varied. In the

very Cheapest Suitings all the new shades

will be found. The past week we have

added to this Department some ten dif-

ferent lines, not one of them but is below

the cost of manufacturing. Our Doublewidth Beiges, in different shades, are ex-

cellent wearing goods, and are sold for 12 1-2 cents per yard; the real value is 20

cents. Handsome Brocaded Chamelion

Suitings, in changeable shades, for 12 1-2

cents, is a real bargain, and makes up

equal to 50-cent goods. Cordurette Suit-

ings, in all shades, for 12 1-2 cents, is just

one-half the usual price; the material is

extra-heavy, and splendid wearing goods.

Worsted and Mohair Plaids, for 15 cents,

are selling to all that see them; they are

such a good bargain. Our 20, 30, 35 and

40-cent goods are all desirable, and a good

assortment to select from. We call par-

ticular attention to our Flowered Jacquards,

in good serviceable shades, all wool, at 50

cents per yard. This material makes up

equally as fine as the more expensive goods

DOMESTIC NEWS. The Knights of Labor and the Chinese. NEW YORK, January 19th .- Your correpondent learns from a trustworthy source hat the movement of the Knights of Labo against Chinese laundrymen in the East, mentioned in the morning's dispatches, is directed chiefly against the Chinese colony in Brooklyn, which has largely increased within two years. Chinamen from this city, Newark, Paterson and Belleville, N. L. have been flocking to Brooklyn forcement. , have been flocking to Brooklyn for some time, until 3,000 are there. It is said the protection given by Plymouth Church to the Chinese has much to do with the influx. The Knights of Labor have been quietly at work in the matter, and next Sunday a meeting of the Central Union will be held, to take united action. Circulars have been sent to the different branch es, advising the boycotting of all Chineso

laundries The Chinese Highbinders' Case in St Louis.

St. Louis, January 19th.—The Coroner who investigated the death of Lou John son, whom it is alleged was murdered by the defendant, was placed upon the wit-ness stand to-day, and testified as to the location and probable manner of infliction of the wounds found upon Johnson's body Lee Chio testified that a conspiracy was formed to put Johnson out of the way; that he was offered \$1,200 to do the job, and that he refused; that the money was paid to Chio Chiazek, who murdered Johnson, Wingers, tested that Chiesel Johnson, with the Chiesel Johnson, with the Chiesel Johnson, with the Chiesel Johnson of the Chiesel Johnson out of the Way of the Chiesel Johnson out of the way; the chiesel Johnson out of the way; the way is the chiesel Johnson out of the way; the way is the chiesel Johnson out of the way; the way is the chiesel Johnson out of the way; the way is Witness stated that Chiazek would with as little hesitation kill a man as a

The Trouble in the Coke Regions. MOUNT PLEASANT (Pa.), January 19th .-The situation in the coke regions is growing serious. Last night three or four guards at the Morewood works ventured too close to the Hungarian quarters, when an alarm was given, and the foreigners swarmed out of their quarters and began a fusilade of pistol shots. Almost instantly every striker joined in the cannonade, and he guards broke for safe quarters. No oursuit was attempted, and the Hungarians returned to their houses after witnessing the hasty departure of the patrol. No trouble had occurred at the Standard works up to noon. This morning the Morewood strikers held a meeting, and decided to raid the Alice coke yard. They marched over and drove the drawers off, and then left to clean out the Bessemer workers. The Alice drawers returned to work, when the strikers returned and again drove them off. Work was then abandoned, and the Hun garians came back to the Morewood for dinner. The outlook is decidedly squally. LATEST FROM THE SCENE OF DISORDER

MOUNT PLEASANT (Pa.), January 19th.— Sheriff Stewart arrived at 9 o'clock to-night with nineteen additional deputies, who will be placed on duty at the Alice mines. The strikers who attacked these mines to-day and drove off the workmen, destroyed al the tools, barrows, coke wagons and every-thing movable. The Sheriff has ordered his deputies to protect those who want to work. It is expected that trouble will follow this order. The Hungarians are parading about the streets of the village, reckssly bold, to-night, and threatening vioence to all who attempt to return to work and destruction to the company's property. Another Railroad Freight War Probable New York, January 19th.—From now ill the 9th of February there is every ikelihood of lively times on the leading ines carrying freight to San Francisco. A cut of 20 per cent. on through freight rates o Pacific coast points has been established and there will probably be heavier cutting before the next meeting of the Transconti-nental Pool. Your correspondent made diligent inquiry among railroad men this morning, and learned that the present movement had its origin several weeks ago, when prominent railroad officials offered leading houses a rebate of from 20 to 30 per cent. on shipments to San Francisco. This leaked out, and now nearly all the This leaked out, and now nearly all the trancontinental roads are taking part in it. R. L. Coleman, C. P. Huntington's Secrétary, said it looks as though there was serious trouble ahead. Another railroad man, in a position to know all about the cutting, said: "All the roads which started this movement did so for the purpose of taking freight from the clipper lines. If some such action had not been taken, the clippers would have reaped a harvest from the goods piled up here destined for San Francisco, but I can't see that the cut has done much good yet. Cerhat the cut has done much good yet. Certainly it has not increased the shipment of freights to any marked extent, as ship-

pers are holding off in hopes that still more advantageous rates will be offered. The railroads only offer this 20-per-cent. cut on oig shipments, and refuse to handle small ots, except at schedule rates." A Hydrophobia Victim. LOCAL AND THROUGH RATES.

The argument of President Perkins to the Interstate Railroad Transportation Committee, against the proposition to adjust local interstate railroad rates upon the simple statement. It is but the enunciation of a principle as old as law itself, and advantage as in the southern counties. local rate, because the one is a wholesale made the Chronicle omit Placer county business and the other is not, and for that Is it not aware that Placer took the sec while at the same time it is subject to orange growing, olive-raising county? more severe competition. It may be accepted as settled that the people of the United States, and every railroad commis sion they have set up, have conceded the soundness of the doctrine stated by Mr. Perkins, that it is inexpedient to require railroad carriers to conform local rates to the rates adjusted by influences felt only at terminal and competitive points. It is demonstrable that it is as much for the interest of trade as for the interest of the carrier to maintain the just doctrine indicated. It is not a question of railroad other side. exaction, but one that plays just as important a part in other classes of business, and that marks and maintains the distinction between points that do and do not enjoy certain natural and commercial advantages in the matter of conveniences, luxuries and

facilities for trade.

The Supreme Court of the United States has decided that where the agent or Superintendent of a mining corporation avoids service of a Court process, and the papers are then served upon the attorney for the company, jurisdiction is gained, the service being sufficient. So, in addition to bosses and Superintendents dodging, it will become necessary for the attorneys of hydraulic mining corporations in contempt of the law, or engaged in destroying river navigation, to dodge also. But as this will ecessitate an abandonment by the attorrisk of injury to the client's case consequent upon absence from Court, it is altogether improbable that the attorneys will do so. If might put in jeopardy their all the cunning devices by which the hydraulic miners have evaded the law will gained, simplifies the legal problem and hastens procedure.

THE New Orleans Picayone remarks

The dangers frem socialistic propagandists which are creeping upon every form of modern political organization are not a product of agricultural life. The young men of the cities fly to socialistic theories for a remedy for underproduction. The material foundation of society begins in the fields. They have escaped from it in the mad hope of bettering their fortunes, by which is to be understood the doing of less work and the getting of more pay for it.

The question now is as conject propagate.

The question now is, is society prepared o ignore the danger, or will it, by discreet methods and wise foresight, range labor on its side and against the destructionists-as it may, if it tries?

THAT is a good suggestion submitted to the Judiciary Committee of the House by the resolution of Mr. Springer, relative t private bills. The committee is asked to report on the expediency of passing a law for ascertaining before a judicial body the merit of private claims before their presentation to Congress. Mayor Brown-We have police and sanitary regulations that can accomplish that, and a Chief of Police and a Health Officer competent to see that it is done. Mr. Cat-in, whose opinion has been read, is as true o principle as is the North Star to direcon : a man whose legal ability I regard as equal to that of any lawyer in this city, and ou have heard me read what he says about his ordinance.

ONE OF THE COMMITTEE SPEAKS. Frank D. Ryan, one of the lawyers who amed the ordinance, was the next speaker, and urged its passage. He quoted the same authorities and used the same ent as that advanced by Mr. Johnson in the Metropolitan Theater on Monday evening, and a synopsis of which was published in the RECORD-UNION of yesterday. He dissented from the opinion of Mr. Catlin, held that it was constitutional, authorzed by statutory law, and it was not only necessary for the public good, but manda-tory upon the Board to pass it. Much as he respected the legal ability of the City Attorney and Mr. Catlin, he advised the Board to ignore their advice and pass the ordinance, which, he contended, would aid the California delegation in Congress to secure much-needed legislation. Francisco Call of yesterday says: The citrus fair will open in this city on next Saturday night, in the art gallery of the Pavilion. The intention of the institute is to make it more complete even than the display in Sacramento. Four divisions of the art gallery will be utilized. In the three nearest the door the fruit will be laid. Tables will be arranged on each side of the room. The exhibits will be in the order of counties, and the name of the person who raised the fruit will be upon a little banner over the table. No wire-screens, such as were used at Sacramento, will be placed around the fruit. A band, located in the fourth division of the gallery, will discourse music at intervals each day and night. Through the center of the whole gallery there will be seats for the accommodation of the visitors. The first installment of exhibits will arrive here from Sacramento on Wedmore complete even than the display in nesday. The owners of the exhibits in the Sacramento fair have an incurred their intention of making numerous addition to their displays. According to present arrangements, Hon. M. M. ORDINANCE NO. 207. To Regulate the Interment of Deceased Persons where the Bodies are intended to be Exhumed and Removed out of this State.

THE BOARD OF TRUSTEES OF THE CITY

This State.

The BOARD OF TRUSTIES OF THE CITY of Sacramento do ordain as follows:

Section 1. All bodies of deceased persons hereafter buried in any of the public cemeteries or other burial places of the city of Sacramento, which at the time of interment are intended to be exhumed and removed beyond the boundaries of the State of California, shall be inclosed in an air-tight cast-iron casket, or in a box of suitable dimensions, made of redwood boards, not less than one inch in thickness, and lined with sheet-lead, not less than five pounds to the square foot, which shall be soldered by a licensed plumber. Such box shall have a brass vent screw one and a half inches in diameter, with standard thread, and with a flange and lock-nut, which said vent screw shall be soldered to the lead on the inside of the boxtom of the box, six inches from the foot end of the box. Section 2. Before the bodies are interred the lock-nuts must be removed from the box, so as to leave an escape therefrom of all corruption into the earth; and when the bodies are exhumed, and before their removal from the grave, the nuts must again be adjusted to the box so as to prevent the escape of any foul gases or matter. The box or casket must not be opened. Section 3. Every burial so made shall have the name and age of the deceased, together with the date and cause of death plainly written, printed or engraved upon the outside of the box or casket, and which shall be in the English language.

or casket, and which shall be in the English language.

Section 4. All caskets or boxes so used as herein provided, shall be subject to the inspection of the President of the Board of Health or Health Officer of this city before interment.

Section 5. Any persons violating any of the provisions of this ordinance, upon conviction shall be fined not more than five hundred dollars, or by imprisonment in the City Prison for not more than ten days, or by both such fine and imprisonment.

Section 6. This ordinance shall take effect from and after its passage and publication thereof.

ORDINANCE NO. 208. To Provide for the Construction, Regulation and Ventilation of Cesspools, Vaults and Drains. THE BOARD OF TRUSTEES OF THE CITY

THE BOARD OF TRUSTEES OF THE CITY of Sacramento do ordain as follows:

Section 1. At all points within the city of Sacramento accessible to any of the public sewers, all cesspools and vaults which may be hereafter constructed, shall be made water tight, and shall be constructed of brick, iron or cement. The size of such cesspools and vaults shall be determined by the President of the Board of Health, the City Engineer and the Health Officer. They shall be connected with the sewers by means of an overflow pipe four inches in diameter, made of vitrified ironstone pipe, laid in cement mortar with water-tight joints, and with a fall of not less than one-cighth (%) of an inch to the foot; and said overflow pipe must be so a ranged that only the liquids can escape. As new sewers are constructed, all cesspools and vaults upon adjacent property and accessible to such sewers shall be connected therewith, and be constructed or reconstructed so as to conform to the provisions of this section.

Section 2. All cesspools and vaults within the city limits shall be emptied of their contents and thoroughly cleaused and disinfected as often as they become filled, or whenever such cleansing and disinfection shall be deemed necessary and is ordered by the Board of Health. Said
